Doggy Daycare

555 6th St NW, Winter Haven

Camp Little Wolfe's features extensive play areas for dogs of all sizes and shapes to mingle, romp, relax and just have fun.

Doggy Daycare is supervised activity allowing dogs an opportunity to interact with one another in group play settings. Groups are established by pet size and disposition.

All pets enjoying Doggy Daycare must be spayed/neutered, of good nature, in good health and free of any injuries, bandages, sutures, stitches, etc. All dogs must be clean, well groomed and free of parasites. We ask that all pets are following regular pest/parasite control regiment. Other restrictions may apply.

Initial Daycare Assessment

First time Doggy Daycare visitors will require some special treatment. Initial meetings will give our staff an opportunity to make a proper introduction and assessment for each pet.
